

Siemer Milling Company 2027 Harvest Year Variety Premium Program

To Pre-qualified growers, SMC is offering a premium program for specific wheat varieties.

- Confirmed entry by **May 31, 2027**.
- Records to be made available to SMC, if requested, for variety verification to include field location, planting dates and other information.
- SMC will encourage and advise on growing and harvest practices to insure and protect the grain quality for milling purposes.
- Wheat must meet #2 Soft Red Winter Wheat standards, except dockage and moisture and have less than 1.0% sprout damage. Discounted loads for other factors will not qualify.
- Varieties need to be stored and delivered separately.
- Grain may be priced at any time during the crop year using our normal pricing practices. Grain must be **delivered before May 31, 2028** unless otherwise agreed upon.

A premium of 10 cents per bushel will be paid for contracting the following varieties:

AgriGreen 2020	Dyna-Gro Seed 9762
AgriGreen 2358	FS Inspire FS 606
AgriGreen 2405	FS Inspire FS 617
