Siemer Milling Company
Intensive Wheat Management Program
2027 Harvested Crop

West Harrison

Siemer Milling Company (SMC) is committed to purchasing quality wheat for processing into food products. We have developed this program to encourage and reward the production of superior quality of Soft Red Winter wheat grown in the Tri-State region of SMC's West Harrison mill draw area. Wheat grown under specific intensive management practices has milling and quality value in the food chain.

Premiums:

1. Test weight:

58.0 – 58.4	Base price
58.5 – 58.9	3 ¢ per bushel
59.0 – 59.4	6 ¢ per bushel
59.5 – 59.9	9 ¢ per bushel
60.0 – 60.4	12 ¢ per bushel
60.5 – 60.9	15 ¢ per bushel
61.0 – 61.4	18 ¢ per bushel
61.5 – 61.9	21 ¢ per bushel
62.0 – and above	24 ¢ per bushel

2. Quality premium: Additional 5 cents per bushel if the following factors are met:
    - Test weight above 60.0#
    - Less than 3.0% damage
    - Falling number > 325
    - Zero sprout damage
    - Vomitoxin less than 2.0 ppm (if tested)

Discounts:

Grain delivered which has quality factors below #2 SRW will be subject to normal discounts as stated on the current SMC discount sheet. Discounted loads except dockage and moisture will **not** be eligible for the quality premium or test weight premium.

- #2 Soft Red Wheat Base Contract Grades are:

* 58# Test Weight	* 13.5% Moisture
* 0.0% Dockage	* 1% F.M.
* 5 % Other Class	

Date Prepared: October 14, 2026

SMC account name: _____

Pricing:

Deferred Pricing, Forward Price Contracts, Basis Contracts, Option Strategies and Storage will be offered and based on market values at the time of contracting.

Requirements for the program:

1. We require the use of a Professional Wheat Consulting Service. **Midwest Wheat, Advanced Agrilytics, Kissel Agri-Systems, Inc., Progressive Crop Solutions, Greene Crop Consulting, Inc and Grizzly Ridge, LLC** are approved providers of these services. We have worked with these companies and have great confidence in their ability to add value to your wheat production.
2. Wheat will be delivered to SMC at West Harrison, IN and must meet milling quality specifications.
3. Producer must use SMC recommended practices for treating and storing grain.
4. In the event of lower quality due to weather conditions, the producer must make a good faith effort to deliver contracted grain to SMC.
5. SMC is contracting for food grade quality wheat. Any deception such as plugged loads, adulteration of grain or delivery of treated grain will result in termination of this contract.
6. **Entry deadline is March 31, 2027. Signed contracts must be returned on or before this date to be eligible.**

Please list all landlords / partners that are included with this contract.
